

CACCIAPUOTI FRANCESCO

Full-Stack jr. developer

PROFILE

I am a serious, curious, and competent individual, always striving to improve myself. My excellent teamwork and planning skills make me proactive and organized. I aim to flourish in a role that demands precision and patience, where I can grow professionally and leverage my abilities. I have a passion for developing intuitive and user-friendly interfaces.

HOBBIES

I am passionate about sports and nature, I have been practicing boxing at a competitive level for over 10 years and have obtained several scuba diving certifications. I am an advocate for organic nutrition and enjoy traveling to explore new cultures.
